Professional profile

Frontend web developer. I have strong knowledge of technologies such Git, HTML, CSS, and SASS. Also, knowledge in JavaScript, Gulp, and NPM.

To increase the quality of my projects I have taken courses in UX and UI.

Proactive, objective oriented, effective communication, problem resolution, and love to learn.

Formation

Universidad de Guadalajara, Software Engineering

FEBRUARY 2021-TODAY

Web design, data bases, algorithms, OOP.

Goals

Build my actual portfolio with my own domain and hosting.
